

for Sale to Bergamo Area: Boccaleone

773 sqm | Bathrooms: 2 | Rooms: 6

Independent real estate complex of ancient construction (dating back to around 1500), former place of worship, recovered for residential and commercial purposes with a high level of renovation quality standard.

It consists of a tertiary area consisting of a laboratory and a shop-exhibition, and a residential area consisting of an apartment, independent of each other, with attached cellar, large garage and external area used as a courtyard and garden.

The level of finishing, the presence of original frescoes from the period, as well as the particular architecture typical of the original destination, make the proposal unique in its kind.

The high possibilities of adapting the property, both for residential and commercial needs, justify its high market value.
