Building land with project Sauze di Cesana
In the quaint town of Sauze di Cesana, in a quiet location immersed in the picturesque Alpine setting of the Alta Val di Susa, we offer for sale a building plot with an approved project for the construction of a three-family home.
The project involves the construction of a two-story building, plus a ground floor for utility rooms. The first floor includes two independent two-room apartments, both with balconies, ideal as second homes or investment properties.
On the second floor there is a large three-room apartment with two bathrooms, perfect as a main unit or master apartment.
The ground floor will house garages, cellars, and the boiler room, ensuring functionality and convenience for all residential units.
